OPINION OF ATTORNEY GENERAL.

On motion of Mr. Dielmann, the following opinion from the Attorney General was ordered printed in the Journal:

Attorney General's Department,
Austin, Texas, September 22, 1926.

Honorable Lee Satterwhite, Speaker of the House, Capitol.

Dear Mr. Speaker: The Attorney General is in receipt of your communication of the twenty-first instant reading as follows:

"I am enclosing a copy of the Governor's message to the Legislature today.

"Does this message permit the Legislature to enter into the question of any and all kinds of taxation, or does it confine us strictly to that of a three or four-cent tax on gasoline? Also, does it permit the Legislature to pass an appropriation to supplement the available school fund?

"I will appreciate your opinion at the earliest time possible."

The Governor's message of date September 21, 1926, mentioned in your letter reads as follows:

"Austin, Texas, September 21, 1926.

"To the Honorable Thirty-ninth Legislature of Texas in Called Session:

"Gentlemen: Acting under authority reserved in the original proclamation convening you in special session, I hereby submit for your respectful consideration the following:

First.

"The increase from one cent a gallon now levied and collected by law on sales of gasoline to three or four cents, as you may determine, and the appropriation of one-fourth of the revenues derived therefrom to supplement the available school fund for the common schools of the State to make at least \$15.00 per capita apportionment, and the remaining three-fourths to the maintenance and construction of the State

highways and maintenance of the State Highway Department.

Second.

"The substantial decrease of the present occupation tax levied on automobiles and motor vehicles and the appropriation of the remaining tax to be appropriated and set aside to the maintenance and construction of the county roads of each county under the supervision and control of the commissioners court of each county.

"I do not think that ad valorem taxes upon the farms and city and town real estate and personal property of the people should be further taxed, as this class of property now bears more than its proportionate part of the burdens of taxation, and for that reason I urge the tax upon sales of gasoline as a more equitable and uniform distribution of our tax burdens.

"It appears from the records that in the last year the one-cent tax now levied on gasoline produced in round numbers five and one-third million dollars, and upon this basis, which will increase from time to time, a three-cent tax would yield sixteen million dollars. By appropriating one-fourth of this sum to supplement the available school fund the per capita apportionment can be increased to \$15.00 for all scholastics. From this tax there would then be left twelve million dollars, plus Federal aid, which would amount to approximately five million dollars, or a total of seventeen million dollars, for the maintenance and construction of State highways. Then the tax now collected and used by the State Highway Department could be given to the counties for the upkeep of the county roads, and all this can be done without any increase in the present ad valorem rate for these purposes.

"I am sure that the Legislature will appreciate the necessity of due and prompt consideration of the matters herein respectfully submitted.

(Signed) "MIRIAM A. FERGUSON,
"Governor of Texas."

The controlling provision of the State Constitution is Section 40 of Article 3, which is in the following language:

"When the Legislature shall be convened in special session, there shall be no legislation upon subjects other than those designated in the proclamation of the Governor calling such session, or presented to them by the Governor; and no such session shall be of longer duration than thirty days."

It will be noted from the quoted language that it is for the Governor to designate the "subjects" of legislation for consideration of the Legislature at a special session. The rule is that while the Executive may limit the subjects of legislation he cannot dictate to the Legislature what particular legislation shall be enacted on those subjects. The law on the subject under consideration is well stated in Ruling Case Law, Vol. 25, page 805, paragraph 55, as follows:

"The Executive may limit the subjects which the Legislature may consider, and, in order to do this, may so define a subject as to make it broad or narrow, according to his conception of his public duty. Thus, if the subject of legislation is to be the appropriation of public moneys, the Governor may, by definition or by the imposition or addition of qualifying matter, reduce the general subject of appropriations down to, or restrict them to, certain specified purposes. But, while the Executive may limit the subjects of legislation, he cannot dictate to the Legislature the special legislation which may be enacted on those subjects. Within the limits of the subject or purpose mentioned the Legislature may enact any laws that it may deem proper. The language setting forth the subject matter to be considered should not be in such broad terms as will in reality leave it to the Legislature to choose the subject matter of the legislation; for if this is done, no subject of special legislation being named, no legislation whatever is competent."

We direct attention also to the following cases which have been read and considered in connection with inquiry propounded by you:

Brown vs. State, 22 S. W., 596, 601.
Long vs. State, 127 S. W., 208.
Ex parte Wolters, 144 S. W., 531.
State vs. Woollen, 161 S. W., 1006.

An opinion of the Attorney General of Texas of date February 8, 1918, addressed to Honorable W. P. Hobby, then Governor, numbered 1882, is also helpful in considering this matter.

It is the opinion of this Department that it is a well settled rule that the Governor has authority to designate the subject of legislation to be considered by the Legislature at a special session, but that he cannot go further in his message or proclamation and control or limit the character of legislation that shall be enacted upon a particular subject submitted. It may be a little difficult in some instances to determine what

constitutes a subject of legislation and just when the Governor oversteps his authority in designating a subject and enters into the domain of the Legislature and attempts to dictate what particular laws shall be enacted on the subjects submitted. However, we believe it to be within the province of the Governor within reasonable bounds to designate any subject of legislation he may choose, and he may make the subject broad or narrow. Applying this rule to the present situation, we are of the opinion that it cannot be said that the Governor cannot submit a subject that is more narrow in its scope than the broad subject of taxation. Doubtless there are many particular subjects within the greater subject of taxation that would properly constitute subjects of legislation within the meaning of the Constitution.

We are, therefore, of the opinion that the Governor in the message above quoted, submitted to the Legislature two subjects of legislation, to wit, first, the subject of an occupation tax based on sales of gasoline and a proper disposition of the proceeds of such tax; second, the subject of registration fees on automobiles and motor vehicles and a proper disposition of the proceeds of the same. In connection with this latter mentioned subject it may be noted that the Governor in her message speaks of "the present occupation tax levied on automobiles and motor vehicles." As a matter of fact there is no such occupation tax levied, but it is apparent from a reading of the entire message of the Governor that what she had in mind was registration fees on such vehicles. A message or proclamation, like other instruments, is to be interpreted so as to ascertain the intention of the author as expressed in such instrument. While the wording of the message is not as precise as it might be, the intention is reasonably plain to submit to the Legislature the above mentioned subjects.

It is proper to advise you further that that portion of the Governor's message indicating in detail what character of legislation shall be enacted on these two subjects is void and of no effect. In other words, when the Governor submits the subject of an occupation tax based on gasoline sales she cannot go further and compel the Legislature to enact a three or four-cent tax or any other particular tax on sales of gasoline, and cannot control the Legislature in what disposition to make of the proceeds of such tax. Likewise

when the subject of registration fees on automobiles and motor vehicles is submitted by the Governor she is without power and authority to limit the Legislature as to what particular kind of law shall be enacted on this subject. These two subjects are submitted to the Legislature for whatever kind of legislation the Legislature desires to enact in reference to the same, if any at all.

Answering specifically your two questions, you are respectfully advised that in the opinion of this Department this message of the Governor does not authorize the Legislature to enter into the question of any and all kinds of taxation at this special session, but on the other hand submits only the subjects above mentioned. Neither does this message empower the Legislature to pass an appropriation out of the general revenue fund to supplement the available school fund, except in so far as this result may be accomplished by legislation on the two subjects submitted. As hereinbefore indicated, it is the intention of the document that we are seeking, and it would have been an easy matter for the Governor to have made plain that the subjects mentioned by you in your communication were submitted, if such had been her intention. While a liberal rule will be applied by the courts after laws have been enacted so as to give them effect, it is the opinion of this Department that prior to the enactment of a law the Legislature should exercise caution in enacting laws so that there may be no question as to their validity.

Very truly yours,
L. C. SUTTON,
Assistant Attorney General.

SPECIAL ORDER SET.

On motion of Mr. Irwin, the resolution relating to Hidalgo county bonds, which was set as a special order for 10 o'clock a. m. today, was postponed until 2 o'clock p. m. today.

RELATING TO AGRICULTURAL BUREAU REPORT.

Mr. Smith of Travis offered the following resolution:

Whereas, The cotton industry of the South is menaced with insects that cost the farmers large sums of money and much extra labor in checking their devastating career; and

Whereas, After the farmers have spent these large sums of money and

extra labor and saved in many cases their cotton crop from being a total loss; and

Whereas, The United States Agricultural Bureau is adding to the loss of the Southern farmers by issuing periodical estimates that serve no purpose except to furnish a basis for speculators to fix prices on this commodity; therefore, be it

Resolved, That this House condemns such practice of the Federal government and that the Senators and Congressmen from Texas be requested to use all honorable means at their command to have periodical estimates of the number of bales of cotton that will be raised discontinued, and that the Chief Clerk be instructed to furnish copies of this resolution to the members of Congress from Texas.

The resolution was read second time.

Mr. Petsch raised a point of order on consideration of the resolution at this time, on the ground that the subject matter is not included in the Governor's message.

The Speaker overruled the point of order.

(Mr. Bobbitt in the chair.)

Mr. Sanford offered the following substitute for the resolution:

Whereas, Crop reporting by the United States Department of Agriculture has been established by law, and has become a fixed policy of the government;

Whereas, The trade now accepts these reports in lieu of estimates formerly made by cotton speculators, and while we believe that the estimate of the Texas cotton crop is higher than present conditions justify, we realize that the government attempts to be fair and impartial, and the estimates of the past two years have been very accurate; and

Whereas, Business conditions necessitate accurate reports of crop conditions and estimates of production, and public interest demands that these reports be made by an impartial agency and that they be made at such times and in such manner as will tend to stabilize market conditions, and not demoralize the cotton frequently as is done by the semi-monthly reports; therefore, be it

Resolved by the House of Representatives of the Legislature of Texas, the Senate concurring, That we believe it would be for the best interest of the cotton industry of the South for the

government to abandon semi-monthly crop estimates and to make the estimates of cotton production monthly beginning September 1 and continuing until the crop is gathered.

Resolved further, That a copy of this resolution be sent to our Senators and Representatives in Congress and to Hon. W. M. Jardine, Secretary of Agriculture.

Signed—Sanford, King, Merritt, Finlay, Hall, Boggs, Smith.

Mr. Purl offered the following amendment to the substitute:

Be it further resolved, That we also request Department of Agriculture of State of Texas to make his reports once every fifty years.

The amendment was lost.

(Speaker in the chair.)

Mr. Purl raised a point of order on further consideration of resolutions at this time, on the ground that the time for the consideration of resolutions has expired.

The Speaker sustained the point of order.

INSTRUCTING CLERK TO MAIL JOURNALS TO HON. R. B. STEVENS.

Mr. McGill offered the following resolution:

Whereas, Hon. R. B. Stevens, Representative from the Eighty-ninth District, place No. 2, has been ill and unable to attend the present session, and a resolution has been adopted by the House excusing him from attendance during this session; and

Whereas, Mr. Stevens has requested that the House Journal be mailed him and expressed the hope that his health will permit him to come to Austin before the close of the session; be it

Resolved by the House of Representatives, That the Chief Clerk be and he hereby is instructed to mail Mr. Stevens his warrants for mileage and per diem, and the Sergeant-at-Arms be and he hereby is instructed to furnish the mailing clerk with sufficient stamps to send the Journal to Mr. Stevens during this session and to mail the balance of his allotment of stamps to him.

The resolution was read second time and was adopted.

HOUSE BILL NO. 33 ON THIRD READING.

The Speaker laid before the House, on its third reading and final passage, H. B. No. 33, A bill to be entitled

Governor's Office,

Austin, Texas, September 27, 1926.

To the Honorable Legislature of the State of Texas.

Gentlemen: I am in receipt of the following letter from Hon. J. T. Robison, Commissioner of the General Land Office, to wit:

"Mrs. Miriam Ferguson, Governor, Austin, Texas.

"Dear Governor: You will recall a few minutes ago I conferred with you concerning an emergency appropriation at this special session so as to enable the Land Office to advertise the list of lands for sale either in January or May

according to when we can get the list ready so as to place the lands on a revenue bearing basis at the earliest practical date. After conferring with the Board of Control as to the cost of listing, it is estimated about \$2000 will be necessary; I have also conferred with the Appropriation Committee of the House and as they are hurrying their work, I would be glad to have you submit a special message requesting this legislation if it is consistent with your idea of a proper administration for public affairs. Having conferred with the committee I think it would like to have the matter submitted, if submitted at all, as soon as your convenience will permit so that they might amend a bill that they now have by including this rather than to incur the expense of an independent bill.

"Yours truly,
